Hearing God

What is the "Achilles heel" of most evangelical churches? Discipleship. We are in need of a robust kind of disciple of Christ today. All around our nation and in our communities the concept of true discipleship has fallen on hard times, while in many parts of other countries the life of discipleship has taken off and increased.

It is through the Spirit of God through the Word of God that will create disciples – men and women who not only treasure creating an atmosphere to hear God speak Christ, but who possess a passion to teach others to treasure Him, as well. We ought to know the Word, love the Word, and delight in leading others to discover its wonder.

When we lose discipleship, we lose permission to teach people deeply. A disciple is one who chooses to follow Christ in submission to others of a kindred spirit. It is only in that environment where one can "teach them to obey everything Christ commanded."

If you and I would take God's Word seriously and take part in a strategy to help believers connect with God and His Word – hearing it by reading, hiding it in our hearts by memorizing, honoring it through prayer, and helping by obeying the Word – there will be a great work of God in our hearts and others.

Let's look to God and become people who understand how to study the Bible, to memorize Scripture, to pray, and to obey God's Word. Many of those who know these disciplines rarely practice them. Let's obey. Let's listen. Let's love life. Let's do it.

Your pastor,

Don
