

June 2019

Dear KMBC,

There are so many things that God can do through His people where they are available. When we are expendable, dependable, and available, then there is the great potential of God.

The church has become and is becoming more of a spectator event than it has ever been before. There is so much to learn but one cannot learn without being involved in the church. As a matter of factual agreement among God's organization and organism is this fact: you can go to church but not be involved in church.

For the next several Sunday mornings I'll be sharing some sermons on different lessons I've learned over the years. I will be using certain animals in my sermons for the next three Sundays. Much of what I say will have to do with men but it will all deal with all of us. I'm going to look at the lessons from a Rooster, a Buffalo (American Bison), and pertinent lessons from a Termite.

I have ordered two NKJV imitation leather Black covered Bibles with blue edged thread that within are the notes of Warren Wiersbe included. It is one of the best Study Bibles to help you in your thinking and your heart preparation. I'm inviting you to invite as many as you can to be with us on Father's Day, June the 16th, for our morning service. Whoever invites the most in numbers will be gifted the Bible and whoever has the most guest present with them that Father's Day will also be gifted the Bible.

June is a busy month with vacations. Make sure you do not allow vacations to trump your vocation in the Lord. The devil never rests to upset us from abiding in Christ. God takes us aside to give us rest so that we may offer rest to some struggling soul.

You are Loved and Prayed for during the month,

Pastor Don
