America's Coming Collapse

KMBC,

There is coming an implosion of undiminished proportions, and it is occurring at this time little by little. In many cities demolition experts will set dynamite throughout the structure of a building or buildings. In a preplanned sequence, in specific time intervals, the sequenced explosives will weaken key support structures, causing the center of the buildings to fall vertically, while at the same time pulling the sides inward. The law of gravity will cause these buildings to collapse under the own weight.

First, there is a series of loud explosives followed by...nothing. Then a second series of explosions followed by...more nothing. Yet within a matter of a few seconds the vibration can be felt, then a deafening roar, with the building(s) shaken, collapse happens both vertically and inwardly. Within thirty seconds these mighty structure(s) are reduced to a plume of debris-filled dust and a pile of rubble.

In the Book of Revelation, John described a future city of Babylon who will experience such destruction (**Revelation 18:9-10**). A series of bad choices, leaving God out, alongside the decisions of government, people, and others will quickly bring down the cities of the world. It is prophesied. It is happening.

We are watching the demise of America and the nations. America's demise is inevitable. This is not unpatriotic or a fatalistic view. Jeremiah felt this way as his own people came against him in his quest to call the nation back to God. He started with the church (the Jews and their temple). They would not listen. The idea that America is superior to any other nation that has ever existed will not exempt our nation from the ultimate destruction that awaits the entire world.

During the final seven years of earth's history there will be a worldwide dictator, the Antichrist, who will preside over a ten-nation confederacy. All national distinctions will be eliminated, meaning that the United States Constitution will be abolished. This Antichrist will rise to power without a vote by the American people, and he will abrogate our most cherished freedoms, demanding that he and he alone be worshipped.

The good news is that we postpone this if we would heed God's call. Just as a man or woman who watches their diet, exercise their body, take the right medicines correctly, stay away from alcohol and smoking, then we can postpone major complications too early. We can slow down, delay our death sentence if we would abide in that which is right.

The motivation for Christians working to delay the coming collapse of our nation is not to preserve our way of life, but to buy more time to share the life-changing gospel of Jesus Christ with as many people who would listen and repent. God's judgment is coming and that very soon, even as we speak we see His passive judgments already. You and I are commanded to be the salt and the light of the world.

May we understand that our greater purpose for living is more than peace and prosperity for our lives. We are dedicated to sharing the good news of Jesus Christ with as many people as we can. Our suffering, our lives, are to be lives commending others to the Gospel of the Good News of the Gospel of God.

The darker the background the greater and brighter the light. The more decay we see the greater the impact and influence of the salt. What is your focus in Life? Is it personal peace, prosperity, and the avoidance of pain? No wonder so many are frightened by every little thing today. The real answer is not just a change of channels but a change of focus. Anxiety is an indicator that we have built our lives around the temporal rather than the eternal.

We have the perfect background today for displaying the life of Christ in a dying and dead world! While everyone else is cursing the darkness, we should welcome it. Turn on the light, quit whining, quit complaining, and quit blasting others. Jesus the Light of the World has returned to heaven, so while preparing for His return to earth, you are the auxiliary lighting system in the world. It is called the church!

Light up the place with the Good News of Jesus Christ (Matthew 5:14-16).

Pastor Don
