April 2024

Wake UP!

The month of April brings new challenges and rewards. We are watching news explode all over the world on a daily basis.

The United Nations Security body called for an immediate ceasefire in Gaza. The United States abstained. It's a very big and bad action. It is a form of betrayal against Israel. The United States had the power to veto the resolution but abstained. The rift is becoming so wide now that Israel's prime minister has canceled its meetings here in Washington D.C. We are watching the Israeli nation being left to itself as the Bible warns.

The warnings of a terrorist attack in Russia were sent ahead and signaled that no venues ought to happen. The warning was not taken seriously. The ISIS-K terrorist gunned down 137 people, including three children, with more than 180 still in the hospital. The Bible says that the end days will be filled with violence. Are we sure that it will not happen here in our states? I do not believe the jihadists won't spare the US!

There were times in the New Testament when the church did not know what to do. They thought they were already in the Tribulation period. Paul settled them and told them what to do and how to think. You see, the foes of the gospel will be no more effective today than they were twenty centuries ago. The sufferings inflicted will only enhance the church's witness and inflame their courage.

The early disciples had been with Jesus (Acts 4:13). They turned their world upside down. When you and I decide that there is no other life than the Creator living within His new creation freely, the world will know that God truly lives! We are people of faith, and not fear! We are smart but not fanatical. When God Himself is behaving in and through a believer then the world can leave death and find eternal life which is Christ in you.

Is He Reigning Freely in Us? He is alive!
