## October 2025

KMBC & Friends,

Recently Kim and I were in the mountainous area of Blowing Rock and Banner Elk. You saw nothing but God's country with no population of people and then opposite of that country one could look to the other side and see the unnatural lights of man's occupation.

Many occupy God's land as squatters. They never give attention to the Creator and Sustainer of life. It is a world where they are savior and god. They live for themselves and only for themselves. I can't help turning them around for only God can do that.

The question is with our short time on earth are we as saints willing to continually repent before our God in constant awareness of who He is. Anytime we live without dependence upon Him is time wasted, and joy lost.

May we live in His life and walk before Him and in Him. We are in union with Him and secure in His care of each of us. What an adventure!

Halloween is a big marketing operation. Many desire to live out of the imaginary physical world of fun while portraying evil. There is a devil, and he walks about to delude, destroy, and demean. One day the world of make believe will be upon us.

There are times when you go into a restaurant and it is dark, but after you are seated you begin to get used to the dark and you can see pretty well. There are churches that are living in darkness but after people get used to it you begin to see and feel comfortable. Millions of people are dying in the darkness of conformity.

Read His Word, memorize His Word, and walk in His Word. It is the only way to make it home before dark. There are so many who have backed up on God and He is not pleased. If you find yourself comforted and comfortable in this world then you can find yourself in grave danger and that suddenly.

Live in His address which is on high and don't even try to live from earth's address. Get involved with your church in any way possible. There is room for you!

Pastor Don
